CORPORATE FEEDBACK

CAE – ANSYS TRAININGS

Dear Sunitha and Team-Artem Academy,

We are thrilled to express our gratitude for the exceptional CAE training by Artem Academy. Under Ms. Sunitha's expert guidance, our team embraced ANSYS and ANSYS Workbench. This training has been a game-changer, bridging theory and practice with well-structured sessions and real-world case studies.

Our team now excels in innovation, design optimization, and troubleshooting, resulting in efficiency gains and improved outcomes. We highly recommend Artem Academy for transformative corporate training.

Thanks for this empowering journey.

CAD – NX & CATIA TRAININGS

Dear Team-Artem Academy,

We are pleased to extend our commendation for your outstanding corporate CAD training. Your faculty's mastery of NX and CATIA was evident, simplifying complex subjects effectively. The hands-on approach and real-world examples are tailored perfectly to our needs.

What distinguishes you is your commitment to ensuring understanding. Encouraging interaction and patiently addressing questions, you fostered a collaborative learning environment. Since the training, our team's CAD proficiency has significantly improved, leading to more efficient engineering solutions.

We express our sincere gratitude to the Artem Academy team.
